

Foreword

This catalogue is compiled to perform service philosophy of Leapmotor in a better way, to keep improving after sales service level and to help the end customers to look up the spare parts to be purchased.

The structures and details of major assemblies and major optional configuration items are listed in the catalogue of Leapmotor T03 export version model to enable you to find out the genuine part of Leapmotor quickly and correctly. And you are recommended to pay attention to the following items when you use the catalogue:

1. Spare Parts Catalogue of Leapmotor T03 Export Version is only applicable to Leapmotor T03 export version products and is not applicable to other products.
2. When you purchase any part, its part number shall be indicated clearly.
3. The catalogue is the reference only for the customer to purchase parts, and the figures in it are just illustrations. The parts on physical original vehicle shall prevail.
4. Refer to the color specifications of spare parts in the drawing.
5. Model and its corresponding model code is as shown in the following table:
